

REFERENCE GUIDE

ISBN Guide and Key

How every product, and every supporting document, is identified and cited

[Grades 3 to 5](#)[Course Overview Documents](#)[Product Catalog](#)

Presented by **Randi Whitney**
The Writing Academy®, LLC.

PURPOSE OF THIS GUIDE

This guide explains the ISBN system for every product The Writing Academy, LLC sells on its own, and the document code system used for the supporting materials that live inside a Course Overview instead of carrying their own ISBN. Together, the two systems let any reviewer trace every citation back to an exact, identifiable source.

SECTION ONE

How the System Works

Every product that The Writing Academy, LLC sells on its own has its own ISBN. This covers the Teacher Lesson Plan Guides, the Student Workbooks, the Daily Classroom Slide Decks, the Standards Sweep Specialized Slide Deck sets, the Assessment Companion and the other Grade Companions, the books, the apps and platforms, the songs, and the Learning Literature titles. Each of these is a standalone, sellable item, so each one is assigned its own thirteen digit ISBN in sequence.

A separate group of documents supports a grade's Course Overview but is not sold as its own item: the Teacher User's Guide, the Implementation Guide, the Scope and Sequence, the Master TEKS List, the Suitability document, the Teacher Support Overview, the Parent Portal materials, the Supports for All Learners guide, the Content Language Support guide, the Pacing Calendars, and similar Course Overview materials. These do not need a unique ISBN of their own. Instead, each one is identified by the grade's Course Overview ISBN, a hyphen, and a short document code.

WHY THIS MATTERS

Because every supporting document's identifier starts with its grade's Course Overview ISBN, a reviewer can look at any citation, know instantly which grade it belongs to, and trace it back to that grade's Course Overview. Adding the document code narrows the citation down to the exact document, without the overhead of assigning and tracking a full ISBN for every supporting page.

SECTION TWO

The Base Course Overview ISBNs

Every grade's Course Overview ISBN is the anchor for that grade's supporting document codes. These three numbers are the ones to know.

Grade	Product	Course Overview ISBN
Grade 3	Third Grade Course Overview and Complete Program	9798907730007
Grade 4	Fourth Grade Course Overview and Complete Program	9798907730014
Grade 5	Fifth Grade Course Overview and Complete Program	9798907730021

SECTION THREE

The Document Code Key

Each code below identifies a type of Course Overview supporting document. To build a full identifier, take the grade's Course Overview ISBN, add a hyphen, then add the code. The Grade 3 example is shown for every code, with a link to that live document.

Code	Document Type	Grade 3 Example	Linked Document
TUG	Teacher User's Guide	9798907730007-TUG	Grade 3 Teacher User's Guide
IG	Implementation Guide	9798907730007-IG	Grade 3 Implementation Guide
SS	Scope and Sequence	9798907730007-SS	Grade 3 Scope and Sequence
SSX	Scope and Sequence Explanation	9798907730007-SSX	Grade 3 Scope and Sequence Explanation
MTL	Master TEKS List	9798907730007-MTL	Grade 3 Master TEKS List
TC11D	TEKS 11D Chart	9798907730007-TC11D	Grade 3 TEKS 11D Chart
SUIT	Suitability document	9798907730007-SUIT	Grade 3 Suitability document
TSO	Teacher Support Overview	9798907730007-TSO	Grade 3 Teacher Support Overview
PP	Parent Portal documents	9798907730007-PP	Parent Portal
SAL	Supports for All Learners	9798907730007-SAL	Supports for All Learners
CLS	Content Language Support	9798907730007-CLS	Grade 3 Content Language Support
PC	Pacing Calendars	9798907730007-PC	Grade 3 Pacing Calendars
CO	Other Course Overview documents	9798907730007-CO	ECR Threaded Learning Model Pacing Framework

The same code pattern applies to Grade 4 (base ISBN 9798907730014) and Grade 5 (base ISBN 9798907730021). For example, the Grade 4 Teacher User's Guide is **9798907730014-TUG**, and the Grade 5 Master TEKS List is **9798907730021-MTL**.

SECTION FOUR

Product ISBNs by Grade and Family

The table below lists every standalone product ISBN from the official assignment file, grouped by product family. Titles are shown exactly as assigned, with one exception noted below the table.

Course Overview

ISBN	Product Title
9798907730007	Third Grade Course Overview and Complete Program
9798907730014	Fourth Grade Course Overview and Complete Program
9798907730021	Fifth Grade Course Overview and Complete Program

Grade Companions

ISBN	Product Title
9798907730038	Third Grade Teacher Companion
9798907730045	Fourth Grade Teacher Companion
9798907730052	Fifth Grade Teacher Companion
9798907730069	Third Grade Parent Companion
9798907730076	Fourth Grade Parent Companion
9798907730083	Fifth Grade Parent Companion
9798907730090	Third Grade Assessment Companion
9798907730106	Fourth Grade Assessment Companion
9798907730113	Fifth Grade Assessment Companion
9798907730120	Third Grade Homework Companion
9798907730137	Fourth Grade Homework Companion
9798907730144	Fifth Grade Homework Companion

Books

ISBN	Product Title
9798907730151	The Athletic Writer
9798907730168	The Explanation Matrix

SECTION FIVE

How to Read a Citation

Every citation in a Writing Academy document is one of two kinds: a standalone product ISBN, or a Course Overview ISBN paired with a document code.

EXAMPLE ONE: A STANDALONE PRODUCT

9798907730267 is the Third Grade Cluster 1 Teacher Lesson Plan Guide. Since it is a product sold on its own, it is a full ISBN and needs no code.

EXAMPLE TWO: A COURSE OVERVIEW SUPPORTING DOCUMENT

9798907730014-SS reads as: the Fourth Grade Course Overview (base ISBN 9798907730014), Scope and Sequence document (code SS). A reviewer sees the number, knows it is Grade 4, sees the code, and knows it is the Scope and Sequence, without ever leaving the citation.

Every product has an ISBN. Every supporting document has a traceable code. Between the two, any citation in a Writing Academy, LLC document leads a reviewer to exactly the right source, every time.
