Grade 3 InterActivity Writer's Notebook

Prepare: Getting Ready to Write

Prepare**11 Hands-On Pages****Framework: TRAILS**

Passages: *The Mystery of the Traveling Shell*

PURPOSE OF THIS BOOK

Every page is a cut, fold, glue, sort, flip, or spin activity that sends students back to the passage. Students FIND IT, SHOW IT, CHOOSE IT, EXPLAIN IT, and USE IT IN WRITING. Every page names the Grade 3 TEKS it teaches and why it matters, and an answer key at the back is organized by page number.

Name: _____ Class: _____

Supplies

Scissors, glue stick, pencil, gray colored pencil, stapler, one brass fastener, and a composition notebook.

Read the Lines

----- **Dashed line:** cut here. ✂

————— **Solid line:** fold here.

 **Striped tab:** put glue here.

The Evidence Path

Each page moves students along the same path, so the thinking gets harder as the book goes on:

1. **FIND IT:** go back to the passage and locate the detail.
2. **SHOW IT:** represent it by sorting, sequencing, sketching, or labeling.
3. **CHOOSE IT:** decide which evidence is most connected, specific, and important.
4. **EXPLAIN IT:** tell why the evidence belongs.
5. **USE IT IN WRITING:** put the evidence to work in a written response.

Daily Routine (about 15 minutes)

1. Read or reread the passage aloud.
2. Cut and assemble the page, then glue it into the notebook.
3. Complete the thinking on or under the pieces.
4. Share with a partner, pointing to the words in the passage.

For the Teacher

Pages are ordered by TEKS. Each page carries a **TEKS Connection** and **Why It Matters** line and lists its TEKS in the footer. 3.12 is listed only on pages where students compose. Every quoted sentence appears word for word in the passage. The Answer Key at the back is organized by page number.

Page 4: Clue or Not a Clue?

A Clue About How the Shell Traveled: 1, 3, 5

Not a Clue: 2, 4, 6

The clue cards give facts about distance, rivers, and other faraway materials. The other cards tell what Emsy did but do not explain how the shell traveled.

Page 6: Evidence Vault

Vault 1: "People at Poverty Point traveled along rivers, which could have helped them move from place to place." *Why:* Rivers give a way the shell could travel so far.

Vault 2: "Archaeologists had discovered other materials at Poverty Point, including copper that also came from far away." *Why:* Several faraway objects make a pattern of trade.

Vault 3: "They could trade what they had for valuable goods from other places." *Why:* It names trade as the way people got faraway goods.

Page 8: Clue Trail Accordion

Correct order: B (first clue: the shell itself), A (second clue: the map), D (third clue: the rivers), C (fourth clue: other materials)

Page 10: Word Flaps

scarcity: not having enough of something people want or need

inland: away from the ocean, in the middle of the land

archaeologists: scientists who study objects left by people long ago

trade: to give something you have to get something you need

Sentences and sketches will vary. Look for the word used correctly and a sketch that matches its meaning in the passage.

Page 12: Talk It Out Spinner

Answers will vary. Look for students who point to the passage, for example: the shell is "a clue from the past" because it shows that people traded over long distances.

Page 14: Mystery Prompt Generator

Prompts will vary. A strong built prompt names one job, one topic, and one audience, for example: "Tell a story about a mystery object for a classmate." Stories fit the TRAILS narrative plan; "Explain" prompts fit an informational response.

Page 15: TRAILS Story Map

Plans will vary. Each door should hold a short note or sketch for its TRAILS part. Look for one experience developed across all six parts rather than a list of events.

Page 16: Revision Pull Tab

Model: *Emsy leaned close to the glass and studied the smooth white seashell.* Accept any revision that adds a detail, deletes repeated words, combines the short sentences, and uses a precise verb.

Page 17: Editing Stickers

1. [CAPITAL, END MARK] Emsy found a shell at Poverty Point.
2. [CAPITAL] The rivers included the Mississippi and Ohio Rivers.
3. [COMMA] Emsy packed a notebook, a pencil, and a map.
4. [END MARK] Was the shell from the coast?

Page 19: My Mystery Story

Stories will vary. Look for TRAILS parts: a clear setting, actions, thoughts, and dialogue, an important moment, and a lesson or lasting effect.

Page 20: Thinking Quilt Square

Center: The shell most likely reached Poverty Point through trade along rivers.

Patch 1: "It came from a coastal area, but Poverty Point was inland."

Patch 2: "People at Poverty Point traveled along rivers, which could have helped them move from place to place."

Patch 3: "Archaeologists had discovered other materials at Poverty Point, including copper that also came from far away."

Patch 4: "They could trade what they had for valuable goods from other places."

Border: scarcity. Sentence: Scarcity made people trade for things they did not have. Sketch: a basket with only one item in it

Accept any evidence copied word for word that supports the student's thesis (central idea).
