PURPOSE OF THIS CHART

Every checkable fact in the Grade 4 passages (dates, names, numbers, places, events, scientific statements, and definitions) was checked against authoritative sources. Fiction passages were checked only for the real-world facts inside them. Every item that needed clarification has now been resolved with a minimal, grade-appropriate wording change, applied in every product where the passage appears (updated September 27, 2026). Resolved items are listed first, each with the new wording and where it was changed.
