The Writing Academy | Evidence and Choice

Day	GRADUATE Stage	Yesterday We Learned	Today We Will...	Passage(s)	Supplies	Quick Think	Thinking Level
1	Gather + Reveal	Last module, we taught the Research HABIT and transferred it to new content.	Restate a challenge, distinguish strong evidence from weak evidence, and reveal how researchers check sources.	"How Change Happens: Observe, Adapt, Test, and Improve"	Passage, Pencil, Highlighter	What makes evidence strong enough for a researcher to use it?	Foundational
2	Attempt	We restated a challenge, distinguished strong from weak evidence, and learned how researchers check sources.	Gather precise evidence from both sources and defend why each detail fits the research question.	"How Change Happens: Observe, Adapt, Test, and Improve"	Passage, Pencil, Evidence log	How do you defend that a detail fits the research question instead of just being interesting?	Emergent
3	Discuss + Use	We gathered precise evidence from both sources and defended each detail's fit with the research question.	Compare one civic detail and one scientific detail, then write Body Paragraph 2 with source credit.	"How Change Happens: Observe, Adapt, Test, and Improve"	Passage, Pencil, Workbook	Why is it important to give source credit when you use evidence in a research paper?	Visible
4	Award + Target	We compared civic and scientific details and wrote Body Paragraph 2 with proper source credit.	Identify a strength, target a precise next move, and revise for evidence clarity.	"How Change Happens: Observe, Adapt, Test, and Improve"	Passage, Pencil, Workbook	What does it mean to revise for 'evidence clarity,' and how do you check it?	Independent
5	Educate + Explain	We identified strengths and revised Body Paragraph 2 for evidence clarity.	Teach the shared habit, explain how researchers check evidence, and apply the standards check.	"How Change Happens: Observe, Adapt, Test, and Improve"	Passage, Pencil, Workbook, Exit ticket	How does checking evidence quality make your entire research paper stronger?	Reflective
