EXACT TEKS WORDING (FROM TEA)

“demonstrate and apply spelling knowledge by: (i) spelling multisyllabic words with closed syllables; open syllables; VCe syllables; vowel teams, including digraphs and diphthongs; r-controlled syllables; and final stable syllables”

WHAT DOES THIS MEAN TO ME?

When I add -ing, the base word keeps its syllable pattern.

If the base ends in e, I drop the e before adding -ing.

If the base is CVC, I double the final consonant before adding -ing.
