

CONTEXT CLUES

EXACT TEKS WORDING (FROM TEA)

“use context within and beyond a sentence to determine the meaning of unfamiliar words and multiple-meaning words”

WHAT DOES THIS MEAN TO ME?

When I meet a word I do not know, I look at the words around it.

The sentence and the sentences nearby can hold clues about what the word means.

When I find a meaning, I name the clue that helped me, so I can prove my answer.

THIS WEEK'S FOCUS

Context Clues

from “A Difficult Compromise”

This week we practice context clues with words from “A Difficult Compromise.” We notice definitions, choose with contrast, show with examples, own with inference, and defend multiple meanings.

This deck teaches **context clues** across the five RPLD thinking levels:

NOTICE → CHOOSE → SHOW → OWN → DEFEND.

COMMON MISCONCEPTION

Students may write a meaning without naming the clue type. Require both.

POSSIBLE STUDENT QUESTION

What if I cannot find a word I do not know? Look for a word that has more than one meaning.

RPLD EVIDENCE & ADVICE

Independent practice shows who owns the strategy. Look for the clue type and the meaning.

RAISE THE THINKING

Ask an early finisher to find a second word and a different clue type.

Answers, across the five thinking levels.

NOTICE convention. a large meeting for a specific purpose. The words near convention restate its meaning.

CHOOSE C. argued about different sides of a question. The contrast clue shows debated means argued about different sides of a question.

SHOW population. the number of people living in a place. The examples in the sentence show what population means.

OWN enslaved. held as property and forced to work. The sentences around the word help figure out the meaning.

DEFEND In the first sentence, power means the ability to control or influence. In the second sentence, power means electricity. The words around each sentence prove which meaning fits.

RPLD EVIDENCE & ADVICE

Reviewing is where OWN turns into DEFEND. Push for the clue type and the proof.

RAISE THE THINKING

Ask a student which clue type they found hardest and why.
